

THE DEER INITIATIVE

**Venison Project Officer (Fixed Term)
Eastern Region (England)
£26,889**

The Deer Initiative is a partnership organisation which seeks to ensure the delivery of a sustainable well managed wild deer population in England and Wales.

The DI has accessed funds from the Rural Development Programme for England (RDPE) to develop a more sustainable management regime of wild deer in the East of England. The project will run until December 2013.

The aim of this project is to provide an integrated approach to the delivery of sustainable land and woodland management. It will develop an infrastructure in the region, through the development of a wild venison food supply chain, to allow culled wild deer to be marketed to in the first instance local food outlets and then direct to the end consumer at home and abroad.

We are looking to appoint a Venison Project Officer to join our existing team. We require an individual who is enthusiastic and committed, able to set and achieve operational targets and work closely with land owners, managers and local businesses. Key skills for the post will include the ability to influence and negotiate with a wide range of organisations and individuals.

Interviews will be held in the Region.
